

## Part-time Assistant Professor position in Computer Graphics

**Application deadline: 25 March 2019**

**Interview: May 21<sup>st</sup> 2019**

**Starting date of the position: September 1<sup>st</sup> 2019**

The Computer Science department at Ecole Polytechnique is looking to hire a part-time Assistant Professor in Computer Graphics, starting **September 1<sup>st</sup> 2019**.

Candidates should hold a Ph.D., have a strong record in research and teaching, and must be able to contribute to Computer Science education at all levels of teaching (Bachelor's, Engineering degree, Master of Science and Technology). In the application, candidates should include a description of how they plan to integrate into the teaching teams of existing Computer Science courses, especially those with focus on Computer Graphics. The ability to contribute to project-based teaching and to strengthen the links between teaching, research and applications will be an important criterion during the selection process.

The assistant professor position is analogous to "Maître de Conférences" positions in French Universities, and are typically aimed at researchers towards the beginning of their career. Part-time assistant professors at Ecole Polytechnique must have a permanent job either in academia or in industry.

Candidates are invited to contact Eric Goubault (Chair of the Department of Computer Science, [Eric.Goubault@polytechnique.edu](mailto:Eric.Goubault@polytechnique.edu)), François Morain (Vice-Chair of the Department of Computer Science, [Francois.Morain@polytechnique.edu](mailto:Francois.Morain@polytechnique.edu)), or Mireille Régnier (Director of LIX, [Mireille.Régnier@polytechnique.edu](mailto:Mireille.Régnier@polytechnique.edu)).

The deadline for submission of application files on the School's Internet site is March 25, 2019 (<https://candidatures-calliope.polytechnique.fr/calliope-fo/login/index.php?lang=fr>) Interviews are are scheduled for May 21<sup>st</sup>, 2019.
